*Gottfried Mentor, 2015, Germany*

#### **Dialogue and Argumentation:**

***We can think about the ideas of others***

Model the use of 'I agree with...' and 'I disagree with...' to connect up ideas in the class. Encourage children to use these talk prompts when they share their ideas.

#### **Cultural Understanding**

**Living Together: celebrating diversity**

***We can all learn from each other whether we are big or small***

#### **Discussion Prompts**

**About the film:**

- *Why did the small goat keep falling? How did the big goat teach the small goat?*
- *What happened when they reached the gap?*
- *How did the small goat teach the big goat?*
- *What do you think will happen next time they face a gap?*

**Beyond the film:**

- *Adults teach children all the time – can children teach adults too?*
- *What things have you done to teach an adult?*

#### **Ideas for Cultural Expression**

Create a large template of a hand – children can draw pictures of themselves helping an adult and then make a class collage
