Cultural Understanding

Social responsibility: social and civic competence

We understand the need to solve problems and resolve conflict through listening to others and understanding their views

Discussion Prompts

About the film:

- *Why does every resident have the same painting of a vase on their wall? What does this tell us about the neighbours?*
- *How do the residents of the flats annoy each other?*
- *What problems do individual residents face? How do they solve them?*

Beyond the film:

- *Why is it important to listen to others and understand their views?*
- *How can we do this?*
- *Should we get to know our neighbours?*
