Belonging

To discuss the concept of belonging as a means of conceptualizing membership in shared communities (e.g. families, schools, clubs, localities).

Discussion Prompts

About the film:

- *What celebration is happening in the film? How might taking part in this celebration be important to those involved?*
- *What is the bird doing? Is he part of this celebration? What is important to his sense of belonging?*
- *What larger event is happening beyond the bird's family and the local community? (stop the film at 02:54). How might this affect people's sense of belonging?*

Beyond the film:

- *What celebrations/special events do you take part in?*
- *How do these celebrations/events help you to feel part of different communities?*
- *Why is this important?*
