Social responsibility: sustainable development

*To consider what changes we can make to protect the environment*

### **Discussion Prompts**

#### **About the film:**

- *What impact do humans have on the environment in the film?*
- *What happens at the end of the film? What message does this send?*

#### **Beyond the film:**

- *Discuss the meaning of the term sustainable development.*
- *How are we responsible for our own actions towards the environment? Can one person really make a difference?*
- *What changes can we make today that will help to protect the environment for future generations?*
