Cultural Understanding

Social responsibility: sustainable development

To discuss the wider causes and implications of environmental damage caused by climate change

Discussion Prompts

About the film:

- *Why does the woman become friends with the tree? How does this make the woman feel?*
- *As the flood waters continue to rise, what happens to the tree? How does this make the woman feel?*

Beyond the film:

- *Why might flooding become an increasingly frequent event in the future?*
- *What are the social and environmental consequences of flooding?*
- *What can be done to tackle climate change?*
