Living together: solidarity

We can discuss the importance of sharing advantages and burdens equally.

Discussion Prompts

About the film:

- *Why does the mouse crawl into the mitten?*
- *How does the mouse feel when the squirrel arrives? How do you know?*
- *What other animals arrive? Would these animals usually live side by side?*

Beyond the film:

- *Warmth and shelter are two basic needs that bring us all together. Why is it important to share these equally during times of hardship?*
- *Does everyone in your community have a warm and safe place to live? Whose responsibility is it to help those people who don't have this?*
